

USPAS Cryogenic Engineering (June 21 – July 2, 2021)

Instructors: John G. Weisend II (ESS, Sweden), Ram C. Dhuley (FNAL, USA)

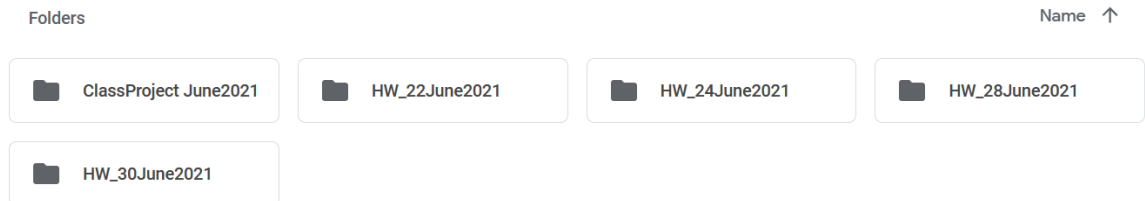

Grader: Greg Tatkowski (FNAL, USA)

Instructions for submitting Homework and Class Project

1. Solutions to HW problems can be handwritten (and scanned) or prepared using any typesetting software
2. Submission must be electronic
3. Prepare a single file for each HW
 - a. Name the file as HW_<date>_<LastName>
 - b. Convert to pdf

Example: For the HW handed out on 22 June 2021, Ram Dhuley will prepare a file named HW_22June2021_Dhuley.pdf.

4. Upload the single file to the appropriate folder (displayed below) on USPAS Cryogenics Google Drive
 - a. Drive access will be provided to students on June 21 (first day of class)

- b. Graded HW solutions will be made available in the same folders.
